Currumbin Clinic

Currumbin Clinic offers a safe and supportive environment to assist those in need of psychiatric assistance whether you are experiencing mood, anxiety, psychiatric or drug and alcohol problems.

Our dedicated and highly qualified team and outstanding and discreet location make Currumbin Clinic an ideal place for treatment and recovery.

Currumbin Clinic welcomes enquiries from both privately and self insured patients requiring voluntary admission for psychiatric care.

We're proud of the role we play in guiding people to proactively address mental health illness through our wide range of services. These include inpatient and day patient programs, all delivered under the supervision of a consultant psychiatrist in conjunction with a multi-disciplinary treatment team.

A Post Traumatic Stress Disorder Program for veterans and emergency services personnel has also been conducted at Currumbin Clinic since 1999. This program is accredited by the Australian Centre for Post-traumatic Mental Health.

While Currumbin Clinic first opened in 1980, it has been owned and operated by Health Care Australia Pty Ltd since October 2006. Health Care is extremely proud of its commitment to improvement in all areas, our excellent relationships with doctors and our vision for the future.
