## Anglicare - Positive Directions (People Living with HIV/AIDS)

Anglicare's Positive Directions is a state-wide care co-ordination, information/referral, advocacy, nutrition and mental health advisory service for people living with HIV (or PLHIV) in Queensland.

Our team helps PLHIV to identify health goals and connects clients with services to assist with their HIV management and treatment. We also link clients to accommodation options, social/emotional support, employment, mental health, dietetics and wellbeing. We also promote the Chronic Conditions Self Management framework as a proven way to help our clients.
